

U.S. Department of Energy  
**Chronic Beryllium Disease Prevention Program (CBDPP)  
Rule Implementation Workshop**

**10 CFR Part 850**  
***CBDPP Accomplishments, Lessons Learned, and Future Enhancements***

March, 6–8, 2001  
DOE Forrestal Building, Washington, DC  
*Reminder – Please Bring Your Badge*

**FINAL AGENDA**

**TUESDAY, MARCH 6, 2001 - All times are eastern standard**

8:30 am	<b>Registration</b>
9:00 -10:00 am	<b>Early Bird 1 – Rocky Flats Team Approach to Rule Implementation – Room GJ-015 Small Auditorium</b> Kevin Daniels, Kaiser Hill, Rocky Flats <i>Videotape of session will be broadcast during lunch</i>
10:00-1:00 pm	<b><u>PLENARY SESSION</u> – Main Auditorium Room - Room GE-086</b> <i>Video broadcasting begins</i> <i>Voice only dial-in 301 903-6475 (Confirmation No. 38819)</i>
10:00-10:10 am	<b>Welcome</b> Secretary of Energy Spencer Abraham invited
10:10-10:15 am	<b>Opening Remarks—10 CFR Part 850 Implementation Overview</b> Bill McArthur, Ph.D., DOE Office of Worker Protection Policy and Programs (EH-52)
10:15-10:40 am	<b>Newly Enacted Beryllium Compensation Legislation</b> Kate Kimpan, DOE Office of Worker Advocacy (EH-1)
10:40-11:10 am	<b>Progress in Beryllium Disease Diagnosis and Treatment</b> Lee Newman, M.D., National Jewish Medical and Research Center (NJMRC)
11:10-11:30 am	<b>Integrated Contract Procurement Team Lymphocyte Proliferation Test (LPT) Leveraged Buy</b> Bob Harris/Dawn Moore, Westinghouse Savannah River Company
11:30-11:50 am	<b>Revised LPT Protocol</b> Paul Wambach, DOE Office of Epidemiologic Studies (EH-6)
11:50-12:05 am	Break
12:05-12:15 pm	<b>HAMMER Role in Beryllium Worker Training</b>

Gary Karnofski, DOE HAMMER Organization

12:15-12:35 pm

**Headquarters Oversight of Field Implementation**

Pat Worthington, Ph.D., DOE Office of Oversight (EH-2)

12:35-12:55 pm

**Beryllium Registry Structure and Pilots**

Bonnie Richter, Ph.D., EH-6

12:55-1:00 pm

**Guidelines for Breakout Sessions**

Bill McArthur, Ph.D., EH-52

1:00-2:00 pm

**Lunch and Videotape Broadcast of Rocky Flats Team Approach to Rule Implementation**

2:00-3:50 pm

**BREAKOUT SESSIONS – PERIOD 1**

**Group A – Room 1E-267**

*Video session (one breakout session will be broadcast)*

*Voice only dial-in 301 903-6202 (Confirmation No. 38807)*

**Focus Topic: Beryllium Registry Guidance and Data Transfer (\$850.39)**

- Phil Wallace, Oak Ridge Institute for Science and Education (ORISE)

*Moderators: Dave Weitzman, EH-52, and Bonnie Richter, EH-6*

**Group B - Room GH-019**

*Voice only dial-in 301 903-6471 (Confirmation No. 38811)*

**Focus Topic I: Baseline Assessment (\$850.20)**

- Protecting Industrial Hygiene Personnel While Baselining Legacy Areas, Kathryn Creek, Los Alamos National Laboratory (LANL)
- Beryllium Characterization of Plant and Equipment Including Background Levels, Bill Frede, Honeywell Kansas City Plant (KCP)

**Focus Topic II: Hazard Assessment (\$850.21)**

- Assessment for Determining a Lab Exemption, Dave Anglen, Albuquerque Operations Office (DOE-AL) (telephone remote)
- Removal and Decontamination of a Legacy Beryllium Facility at Lawrence Berkeley National Laboratory (LBNL), Jack Salazar, LBNL

*Moderator: Dave Pegram, EH-52*

**Group C - Room GH-027**

*Voice only dial-in 301 903-6472 (Confirmation No. 38815)*

**Focus Topic I: Housekeeping (\$850.30)**

- Surface Contamination and Handling of Beryllium Articles, George Fulton, Lawrence Livermore National Laboratory (LLNL)
- Six Sigma Project for Decontaminating Tooling and Fixtures, Dale Brown, Honeywell KCP

**Focus Topic II: Exposure Monitoring (\$850.24)**

- New and Emerging Technologies for Real Time Monitoring of Beryllium Oxide, Bernard Phifer, Y-12 (telephone remote)
- Real Time Monitor Application at LANL, Kathryn Creek and Chris Hassell, LANL

**Focus Topic III: Medical Surveillance (§850.34)**

- Evaluating Newly Sensitized Workers, Steve Burastero, M.D., LLNL

*Moderator: Bill McArthur, EH-52*

4:00-5:00 pm

**Report on Period 1 Breakout Sessions - Main Auditorium**

Breakout Session Moderators

*Video session*

*Voice only dial-in 301 903-6475 (Confirmation No. 38819)*

**WEDNESDAY, MARCH 7, 2001**

8:30 am

**Registration**

9:00 -10:00 am

**Early Bird 2 – Model Beryllium Worker Training at Rocky Flats – Room GJ-015 Small Auditorium**

Russ Bittinger and John McInerney, M.D., Kaiser Hill, Rocky Flats

*Videotape of session will be broadcast during lunch*

10:00-11:50 am

**BREAKOUT SESSIONS – PERIOD 2**

*Video broadcasting begins*

**Group A - Room 1E-267**

*Video session (one breakout session will be broadcast)*

*Voice only dial-in 301 903-6202 (Confirmation No. 38807)*

**Focus Topic: Medical Surveillance (§850.34)**

- Issues and Advances in Chronic Beryllium Disease (CBD) Medical Surveillance, Lee Newman, M.D., NJMRC
- Idaho National Engineering and Environmental Laboratory (INEEL) Medical Surveillance Activities, Paul Creighton, M.D., INEEL
- Nevada Operations Office Medical Surveillance, Ken Hoar, M.D., Nevada Operations Office (DOE-NV) (video remote)
- Rocky Flats Prime Contractor/Subcontractor Surveillance Relationships, Bob Bistline, Dr. H., Rocky Flats Field Office (RFFO)
- Hanford Beryllium Medical Monitoring Program, Bill Brady, M.D., Hanford Environmental Health Foundation (HEHF)

*Moderator: Jackie Rogers, EH-52*

**Group B - Room GH-019**

*Voice only dial-in 301 903-6471 (Confirmation No. 38811)*

**Focus Topic I: Exposure Reduction and Minimization (§850.25)**

- Y-12's Planned Special Materials Center, Y-12 Project Team (telephone remote)
- Y-12's Special Materials Relocation Initiative, Bernard Phifer, Y-12 (telephone remote)
- Unique Local Exhaust for Beryllium Lathe at LANL, Kathryn Creek, LANL

**Focus Topic II: Regulated Areas (§850.26)**

- Access Control of Y-12 Beryllium Areas, Jim Jenkins, Y-12
- Assessment of Beryllium Legacy Areas at Argonne East, Jim Woodring and Jim Davis, Argonne National Laboratory – East (telephone remote)

*Moderator: Dave Pegram, EH-52*

**Group C - Room GH-027**

*Voice only dial-in 301 903-6472 (Confirmation No. 38815)*

**Focus Topic I: Waste Disposal and Minimization (§850.32)**

- Managing Beryllium Deactivated Materials from Deactivated Facilities, Sheldon Coleman, Bechtel Hanford (telephone remote)
- Decontamination of Beryllium Machining Equipment, Gary Whitney, LANL (telephone remote)
- Reuse of Former Beryllium Areas and Equipment for Non Beryllium Activities, Bill Frede, KCP Honeywell and Larry Musen (telephone remote), Richland Operations Office

**Focus Topic II: Performance Feedback (§850.40)**

- Six Sigma Tools to Assess CBDPP Implementation, Bill Frede, Honeywell KCP
- Performance Feedback Open Forums at the Kansas City Plant, Bill Frede, Honeywell KCP

*Moderator: David Weitzman, EH-52*

12:00-1:00 pm

**Report on Period 2 Breakout Sessions – Main Auditorium**

Breakout Session Moderators

*Video session*

*Voice only dial-in 301 903-6475 (Confirmation No. 38819)*

1:00-2:00 pm

**Lunch and Videotape Broadcast of Model Beryllium Worker Training at Rocky Flats**

2:00-3:50 pm

**BREAKOUT SESSIONS – PERIOD 3**

**Group A - Room 1E-267**

*Video session (one breakout session will be broadcast)*

*Voice only dial-in 301 903-6202 (Confirmation No. 38807)*

**Focus Topic: Training (§850.37)**

- Model DOE Beryllium Training Package, Lisa Carroll, ORISE (video remote)
- Optimizing Beryllium Rule Training Development, Bill Robinson, HAMMER
- LANL Beryllium Worker Safety Training Videos (2) and Discussion, Rob Nicholas, LANL (video remote)

*Moderators: Bill Robinson, HAMMER, and Ed Patigalia, EH-52*

**Group B - Room GH-019**

*Voice only dial-in 301 903-6471 (Confirmation No. 38811)*

**Focus Topic I: Recordkeeping (\$850.39)**

- Providing Y-12 Data to the Beryllium Registry, Joe Sherrill, Y-12
- Sensitivity and CBD on OSHA Form 200 Log, Janet Macon, Office of Regulatory Liaison (EH-51)

**Focus Topic II: Medical Surveillance Related Issues**

- Medical Surveillance Insurability Concerns, Larry Musen, Richland Operations Office (DOE-RL) (telephone remote)
- Dissemination of Beryllium Information, Bill Brady, M.D., HEHF, Hanford Medical Group
- Work Restrictions at Fernald, Doran Christensen, M.D., Fluor Fernald, (telephone remote)

*Moderator: Dave Weitzman, EH-52*

**Group C - Room GH-027**

*Voice only dial-in 301 903-6472 (Confirmation No. 38815)*

**Focus Topic: Medical Removal, Consent, & Counseling (\$850.35, 850.36, & 850.37)**

- Removal, Consent, and Counseling at Y-12, David Wehrly, M.D., Y-12 (telephone remote)
- LANL Removal, Consent, and Counseling, Hugh Smith, M.D., LANL (telephone remote)
- Counseling Newly Sensitized Workers, John McInerney, M.D., Kaiser Hill, Rocky Flats (telephone remote)
- LPT Acceptance by LANL Workers – Lessons Learned, Barbara Hargis, LANL

*Moderator: Jackie Rogers, EH-52*

4:00-5:00 pm

**Report on Period 3 Breakout Sessions – Main Auditorium**

Breakout Session Moderators

*Video session*

*Voice only dial-in 301 903-6475 (Confirmation No. 38819)*

**THURSDAY, MARCH 8, 2001**

9:30 am

**Registration**

10:00-12:00 noon

**PLENARY SESSION – Main Auditorium – GE-086**

*Broadcasting begins - Video session*

*Voice only dial-in 301 903-6475 (Confirmation No. 38819)*

10:00-10:25 am

**Panel – DOE Senior Manager Implementation Expectations**

- Bob Poe, Oak Ridge Operations Office (DOE-OR) (video remote)
- Terry Olberding, Y-12 Area Office (video remote)
- Larry Kirkman, DOE-AL (video remote)
- Jim Jeffries, RFFO (video remote)

10:25-11:00 am

**Beryllium and Beryllium-Associated Worker Identification Procedures**

- Identifying Current and Former Beryllium Workers, Bill Brady, M.D., HEHF
- Locating Rocky Flats Current and Former Beryllium Workers, Bob Bistline, Dr. H., RFFO

11:00-11:15 am

**AIHA Beryllium Analysis Proficiency Test**

Dave Weitzman, EH-52

11:15-11:30 am

**CBDPP Role in the Integrated Safety Management Program**

Ted Wyka, DOE Office of the Departmental Representative (EH-9)

11:30-11:45 am

**Answers to Recent DOE Response Line Inquiries**

Dave Pegram, EH-52

11:45-12:00 pm

**CBDPP Final Implementation Guide**

Dave Weitzman, EH-52

12:00-12:15 pm

**Final Questions and Answers and Path Forward**

Bill McArthur, Ph.D., EH-52

12:15-1:15pm

Lunch

1:15-3:00 pm

**CLOSED SESSION – Room 1E-267**

**Status of Federal CBDPP Plans**

*Video session*

*Federal employees only – in person*

*Federal voice only dial-in 301 903-6202 (Confirmation No. 38811)*

- Locating the High Risk Federal Worker, Tom Must, Idaho Operations Office (DOE-ID) (video remote)
- Beryllium Medical Surveillance Notification Strategies, Mike Garcia, DOE-AL (video remote)
- Headquarters Be-Associated Worker Protection Policy and Programs, Jackie Rogers, EH-52
- Headquarters Federal Employee Medical Surveillance Program, John Richards, M.D., DOE Office of Management and Administration (MA)
- Federal CBDPP Implementation Plan Status – General Discussion, Bill McArthur, EH-52

*Moderator: Bill McArthur, EH-52*

3:00 pm

**Adjourn**

**Remote Connection Troubleshooting Assistance**

Video – Call Mike Laybourne, 301 903-4555. Select option one, scheduling, and you will be put through to Mike.

Telephone – Call DOE Headquarters operator, 202 586-5000, and give confirmation number.
